4. Regiments were the highest level of artillery unit. [redacted] these were subordinate to either divisions, corps, armies, or the GHQ reserve.
5. Concerning AAA materiel [redacted]: In 1951, [redacted] at least two AA gun positions about one kilometer beyond the southeastern part of Sofia on the Sofia-Plovdiv road. [redacted] there were about six such gun positions which formed a circle at this location and that each gun was emplaced about 40 m apart. [redacted] they were camouflaged with a net and only a small portion of the barrels was visible. Furthermore, a barbed wire fence had been constructed around the entire area. [redacted] the gun crews lived within the area. [redacted] there were several such AA gun positions within the vicinity of Sofia.
